

## Efficiency

Identifying the packing is efficiency. Object is defined by elements diameter is 1cm.  
One program can still do modeling 3D objects i do not understand each object  
presentation step.

- Q. 2.02 Combining the elements i  
modeling step  
1) 15 elements  
2) 17 elements  
3) 20 elements

- Q. 2.03 Form is 27 elements  
is maximum transparency
