

SVETIONIK LIGHT HOUSE

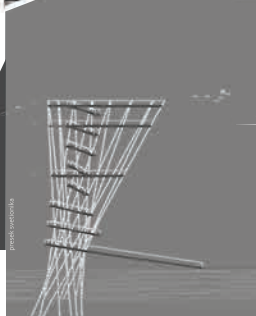

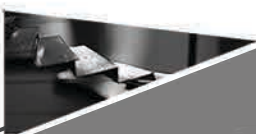

osnova partera

Idejni projekat svetionika

Predstavljen je idejni projekat svetionika kao kolokvijalni rad iz predmeta Elementi projektovanja. Izdvaja se po svojoj konstrukciji i panoramskom pogledu. Svetionik takođe poseduje stambenu jedinicu za čuvare i četiri posetioca koji mogu privremeno boraviti u njemu.

Preliminary design of the lighthouse

Presented the preliminary design of the lighthouse as vernacular work in the case of design elements, stands out for its design and panoramic views. The lighthouse also has a residential unit for the guards and four visitors who may temporarily stay in it.
